

ATTENTION!!! All buses must enter the zoo through the Cherry St. parking lot entrance. It will be widened for easier access. Please drive straight ahead through the lot (past the ice arena), and stop when you reach the sidewalk. This is where buses will unload and pick up passengers. The bus passengers will then proceed to walk down the sidewalk towards the entrance of the zoo. After buses are unloaded/re-loaded, they will proceed to exit on to 38th St. Buses are to find their own parking in-between drop-off and pick-up, whether it be along Glenwood Park Avenue or elsewhere. Please do not drive into the main entrance because the bus gate is no longer available for use. Therefore, you would have to try and turn around. To avoid this happening, please follow the directions above. Thank you for understanding. We look forward to your visit!
